

SPORTING RECORD.  
CALIFORNIA WINS.

## University of Illinois the Latest Victim.

The Western Athletics Defeat Their Opponents in Eight of the Fourteen Events.

Rey Alfonso Breaks Down—Good Time Made by Relay Cyclers—Matches Between Prominent Wheelmen.

**Associated Press Lead-wire Service.**  
CHAMPAIGN (Ill.) June 7.—In the dual athletic contest here today between the University of California and the University of Illinois, the former won by a score of 55 to 44. The winners of the first events were:

The 100-yard dash: J. W. Seagraves of California won; R. L. Bullard of Illinois second; time 10 sec.

One mile run: Fred Orr of Illinois won; Phil Bradley of California second; time 5 min.

The 130-yard hurdle: E. A. Dyer of California won; C. Clark of Illinois second; time 15 2/5 sec.

One mile walk: J. K. Hoagland of Illinois won; T. M. Merwin of California second; time 7 min. 50 sec.

The 220-yard dash: J. W. Seagraves of California won; R. L. Bullard of Illinois second; time 21 3/5 sec.

Half-mile run: F. W. Koch of California won; R. E. Orr of Illinois second; time 2 min. 2 1/2 sec.

One mile bicycle: Hall of Illinois won; Burke of California second; time 2 1/2 min.

The 440-yard dash: C. M. Lewis of Illinois won; C. H. Woolsey of California second; time 5 1/2 min.

The 220-yard hurdle: H. B. Torrey of California won; A. Dyer of Illinois second; time 25 1/5 sec.

Running high jump: A. C. Clark of Illinois won; M. Dier of California second; height 5 ft.

The sixteen-pound shot-put: Sweeney of Illinois won; F. W. Koch of California second; distance 38 ft. 5 in.

Running broad jump: C. H. Woolsey of California won; M. Dier of Illinois second; distance 20 ft.

Pole vault: H. C. Coffey of Illinois won; A. R. Mann of California second; height 16 ft.

No entry from California.

The sixteen-pound hammer throw: R. W. Edgren of California won; H. Fouts of Illinois second; distance 123 ft.

## BANQUET BEATEN.

The Prince of Wales's Florizell Wins the Manchester Cup

**MANCHESTER, June 7.**—(By Atlantic Cable.) Florizell, owned by the Prince of Wales, won the Manchester Cup today, against a large field, which included M. F. Dwyer's Banquet. Florizell was favorite to the betting at 7 to 2, but the American, who turned out in large numbers, backed Banquet heavily, so just before the race the odds were 4 to 1, where a fortnight ago they were 20 to 2. The odds on the other horses that started were: Ochs's Cypria, 5 to 1; P. Buchanan's The Doctor, 10 to 1; J. H. Houlston's The Prince of Wales, 10 to 1; Capt. Macdonald's Campanio, 10 to 1; Leopold Rodomont, 10 to 1; M. F. Dwyer's Banquet, 10 to 1; M. F. Dwyer's Banquet, 10 to 1; M. F. Dwyer's Banquet, 10 to 1.

There was much grumbling when it was announced a few days ago that Canon Rodomont, who had a good chance, and who had been backed to win the cup for months, had been sold to Baron Hirsch, who had bought him for 10,000 francs. The result was, the Prince of Wales's Florizell won, Cohen's brown colt Greenlaw second, P. Buchanan's chestnut colt The Doctor third. Each of these is 4 years old.

Rodomont held a clear lead until near the distance, where the Doctor asserted himself. Rodomont jumped into the lead, but the latter won amid enthusiastic cheering by two lengths. Three-quarters of a length separated the second and third horses.

Banquet was clearly outclassed. He made a fair start, but Jockey Simma knew that from the moment he got away that his mount was beaten.

**THE RACE.**  
The big race was witnessed by fully eighty thousand people. The inclosures and the grandstand, as well as the infield, were packed to suffocation, and the spectators had barely room to move. The horses are properly named Florizell II and Banquet II, and Banquet II was the first of the cupholders to make his appearance on the paddock. He attracted the attention of the sports by his rearing and covering, on which his name was scrawled in large, irregular letters. He was taken out on the course and given a warning-up gallop. When Florizell started, he was met on the track by a crowd of enthusiastic and enthusiastic crowd of backers. His victory was popular, and as he flashed under the wire the spectators waved their hands in the air, while the ladies waved their parasols and handkerchiefs, and deafening cheers made the welkin ring for fully five minutes after there was another outburst of enthusiasm when the band played "God Bless the Prince of Wales."

During the race the Croker and Dwyer parties occupied the most prominent box in the grandstand. Dwyer stood leaning against the rail of the box, and was the coolest man of the multitude of persons present at the race. He was wearing a white suit and a white shirt, and he was looking at the race with a calm and collected expression.

Five and a half furlongs: Tillie S. won; Remus second, Imp. Grand Lady third; time 1:08 1/2.

Four and a half furlongs: Veragua won; Howard second, Mt. Air third; time 1:15.

Five furlongs: Regal third; time 1:20 1/2.

Five and a half furlongs: Morven won; Joe second, Tom Clarke third; time 1:11 1/2.

**"TAKING STOCK."**  
Comment of the London Press on the Proposed International Contest.

**LONDON, June 7.**—(By Atlantic Cable.) The greatest interest is taken here in the prospect of an international athletic contest between the universities of Oxford and Cambridge and teams from American universities. The first news of the Oxford and Cambridge challenge was published in England today when all the newspapers reprinted the exclusive dispatch to the Associated Press printed in the United States and Canada in the Associated Press newspaper on Thursday, June 7, four hours ahead of any other newspaper.

Naturally there are numerous comments on the challenge and they will express the hope that it will be accepted. For instance, the St. James Gazette says: "It will do good to the universities of both countries to help to produce a friendlier feeling on both sides of the Atlantic."

The Pall Mall Gazette in the course of a column leading editorial on the same subject remarks: "There will be great interest in the meeting in view of the London Athletic Club fixture and we shall have international contests which shall enable athletes of both countries to take through school of each other's capacities."

After alluding to the benefit of such contests, the Pall Mall Gazette continues: "Every opportunity of the contests between

man on the Riverfront grounds for \$1000 a side. It is now believed that the match will be made to take place on the Riverfront grounds for \$1000 a side. It is now believed that the match will be made to take place on the Riverfront grounds for \$1000 a side.

**MORE OFFERS.**  
SYRACUSE (N. Y.) June 7.—The following was wired tonight:

"To A. A. Zimmerman, Freehold, N. J.: Willing to make the match on the Riverfront grounds for \$1000 a side, on July 7, mile heats, best three in five, or three to five-mile dash, paced by quads. Zimmerman accepts. What will you do?"

(Signed) "T. W. ECK."  
In addition to this Eck has received an offer of \$2000 from the Pennsylvania Bicycle Club for a match between Zimmerman and Johnson on June 29, which has been accepted by Johnson.

## THE BLUE LEADS.

Good Time Made by the Relay Cyclers En Route to New York.

**Associated Press Lead-wire Service.**  
AMSTERDAM (N. Y.) June 7.—The blue relay cyclist passed this city at 2:16 o'clock, 4 hrs. 20 min. ahead of time. The relay messenger arrived at 2:21 o'clock.

**THE AMSTERDAM CONTINGENT.**  
SCHENECTADY (N. Y.) June 7.—The Amsterdam contingent of the relay arrived here at 3:16 and 3:20 o'clock, the blue having the best of it.

**A HUNGRY RIDER.**  
SYRACUSE (N. Y.) June 7.—W. F. Hanvey, the blue relay rider in the Chicago-New York race between Reedport and this city, arrived here at 7:20 o'clock this morning, 38.55 min. ahead of the schedule, and was followed seven minutes later by H. M. Bachman, 39.25 min. ahead of the schedule. Hanvey gave faint on the road, having had no breakfast, and was barely able to ride through. Bachman made up twenty-three minutes of the time between the blue and red.

**THE MEDAL-WINNER.**  
ROCHESTER (N. Y.) June 7.—E. H. Schenck won the gold medal offered by the Post-Express for the best time made by the Chicago-New York relay rider. Schenck covered his relay of seven miles in 23 min. 10 sec., averaging 3 min. 4.5 sec. per mile.

**POUGHKEEPSIE'S RIDERS.**  
POUGHKEEPSIE (N. Y.) June 7.—The messages of the Chicago-New York race were carried from Poughkeepsie to Albany by five of the fastest riders of the Poughkeepsie Bicycle Club. The red messenger left here at 9:02 o'clock and the blue at 9:22 o'clock. The same relative difference in military mile and all the relay of the Poughkeepsie club. No time was gained or lost by the blue men.

**A GREAT RACE.**  
NEW YORK, June 8.—The great relay bicycle race of the red and blue between Chicago and this city was finished at 1:54 o'clock this (Saturday) morning. The actual time of the race was 65 min. 55 sec. The last relay should have reached the finishing point at 8 o'clock this (Saturday) morning, but the riders were so tired that they broke all American records for a relay race. The great race, which had its start at Chicago at 9:30 o'clock on June 5, was the longest relay race ever held.

Two years ago, just after the first relay race between Chicago and this city, the blue riders were encouraged by the commanding Eastern division of the United States army, expressed himself as being strongly in favor of the blue in military mile and all the relay of the Poughkeepsie club. No time was gained or lost by the blue men.

**A BUNCH OF MATCHES.**  
NEW YORK, June 7.—It has been decided that Walter Sanger and Charles W. Munn, who have been constantly at Manhattan Beach, on Saturday, June 29, the match will be under the auspices of the Kings County Wheelmen.

**Brooklyn-Cincinnati.**  
BROOKLYN, June 7.—Cincinnati 3, base hits 18, errors 3.  
Brooklyn 10, base hits 13, errors 3.  
Batteries—Spies and Rhines, Burrell and Gumbert.

**THE MEMPHIS BLOW-OUT.**  
SOME OF THOSE INVITED TO ATTEND AND TALK.

**Congressman Hartman Alone Has Accepted the Invitation from Montana-Senator Shoup of Idaho Too Busy.**

**Associated Press Lead-wire Service.**  
MEMPHIS (Tenn.) June 7.—The Arrangement Committee of the silver convention has announced that the following speakers have accepted invitations to address the convention: Congressman J. C. Barker, ex-Gov. L. B. Prince of New Mexico, Senator David Turpie of Indiana, Congressman H. R. Money of Mississippi, Senator J. K. Jones of Arkansas and Senators William Stewart of Nevada, George of Mississippi, A. J. McLaurin of Mississippi and George L. Shoup of Idaho and Alexander Delmonico of California.

**HARTMAN ALONE ACCEPTS.**  
SALT LAKE (Utah) June 7.—A special to the Herald from Butte, Mont., says that the Butte Chamber of Commerce's invitation to Senators Carter and Mantle and Congressman Hartman to represent Montana at the Meribeth silver convention has been accepted only by Hartman. Carter did not reply to the invitation, and Mantle returned to Butte today. He believed that private business would detain him at home all summer.

**SHOUPOO BUSY.**  
BOISE (Idaho) June 7.—On account of urgent private business Senator Shoup says that he will not be able to attend the silver convention at Memphis.

**GETTING INTO SHAPE.**  
Costa Rica Preparing for a Possible Invasion.

**Associated Press Lead-wire Service.**  
NEW YORK, June 7.—A special to the World from San Jose, Costa Rica, says: "Everything possible is being done to put this country in a good position for defense. The topography is such that an invasion by Honduras and Nicaragua combined would be difficult."

If the four other Central American republics combine against her it is believed that she will be able to hold her own. Costa Rica will make no further concessions, but rest on President Cleveland's decision with reference to the boundary.

**NORWAY'S COMPROMISE.**  
Negotiations with Sweden on Foreign Minister Question.

**Associated Press Lead-wire Service.**  
CHRISTIANA, June 7.—(By Atlantic Cable.) The Storting has by a vote of 90 to 24, adopted a compromise resolution to the effect that, while it is the intent and purpose of the Storting to maintain a complete independence upon all national questions, public policy requires the immediate opening of negotiations with the Cabinet, of negotiations with Sweden, looking toward the settlement of the consular and foreign minister question.

## ONE HUNGARIAN VILLAGE IS SUBMERGED.

Kobersdorf, a Summer Resort, the Scene of the Awful Catastrophe.

**Sudden Rise of the Freshet—A Babe's Remarkable Ride—The Cloud-bursts in the Black Forest Region.**

**Associated Press Lead-wire Service.**  
LONDON, June 7.—(By Atlantic Cable.) A dispatch to the Daily News from Vienna says that the reports from Kobersdorf make it evident that 100 persons are missing at that place as a result of mountain floods. Eighteen bodies have been recovered.

**THE NIAGARA WON.**  
Gould's Yacht Defeats Two British Vessels of the Same Class.

**Associated Press Lead-wire Service.**  
SHEERNESS (Eng.) June 7.—(By Atlantic Cable.) In a fresh northeaster Howard Gould's twenty-rater Niagara and two other yachts of the same class started at 11:40 o'clock today in a race for the sum of \$50 in the regatta of the Royal London Yacht Club. At 1:15 o'clock the Niagara was leading, the Luna second. The following were the times of the two leading yachts at the end of the first round: Niagara, 25.55 min.; Luna, 26.25 min. The time of the yachts at the finish were: Niagara, 1h. 10m. 7s.; Luna, 1h. 22m. The Niagara won by 12m. 33s.

**St. Louis Races.**  
ST. LOUIS, June 7.—One mile and an eighth, selling: Sull Ross won, Wilmar second, Davance third; time 1:57.

Five furlongs: Fradette won, Fond second, Judge Dubois third; time 1:04.

One mile: Buck Masie won, Trenton second, Emile Bey third; time 1:43 1/2.

Six furlongs: Sumatra won, William Duke second, Bill White third; time 1:44 1/2.

Five furlongs: Sumatra won, William Duke second, Bill White third; time 1:02 1/2.

**LATONIA RACES.**  
CINCINNATI, June 7.—Six furlongs: King Howard won, Beltry second, Pigmy third; time 1:14 1/2.

Seven furlongs: Almee Goodwin won, Miss Morgan second, Spring Vale third; time 1:30.

Five furlongs: Epona won, Nellie Parker second, Lella Dell third; time 1:03 1/2.

One mile: Merry Monarch won, Fred Gardner second, Cyclone third; time 1:42 1/2.

Four and a half furlongs: The Merchant won, Remnant second, Martin third; time 1:54 1/2.

Seven furlongs: Readina won, Sir Rathbone second, Tariff Reform third; time 1:29 1/2.

**Hawthorne's Card.**  
HAWTHORNE (Ill.) June 7.—Seven furlongs: Flying Dutchman won, Dick Behan second, Luchina third; time 1:29.

Six furlongs: Amelia May won, Capt. Brown second, Artie third; time 1:13 1/2.

Five furlongs: Austin won, Sycamore second, Driftwood third; time 1:02 1/2.

Six furlongs: Potash won, Cosack second, Charlie Weber third; time 1:14 1/2.

One and a sixteenth mile: Fakir won, Freddie L. T. second, Little Billy third; time 1:48 1/2.

**A Bunch of Matches.**

## A MOONSHINER OUTRAGE.

John Phillips Shot and His Son and Daughter Beaten.

**Associated Press Lead-wire Service.**  
BLAIRSVILLE (Ga.) June 7.—A beautiful young mountain girl started to United States Commissioner Baker yesterday that she was afraid to give the names of members of a band of whitecapers who made her one of her victims, for fear they would take her life. She is Miss Annie Phillips, the daughter of John Phillips, one of the best-known farmers of this section.

Phillips, his daughter and his son narrowly escaped death at the hands of a gang of drunken moonshiners who visited their home here on Monday night. The gang went to the house after the son, Albert, who was suspected of "informing" on the "revenuers." They called him out, and when he saw the crowd he called for his father. John rushed to his son's assistance, and was shot by some one in the crowd. Then Miss Annie, who is just 16 years old, was taken to a room and was knocked down and stamped on until she was unconscious. The crowd took the son off a mile and, strapping him, gave him a terrible beating. The daughter recovered and raised the alarm which brought the neighbors to the scene. The father and son are in a critical condition. Four of the gang have been apprehended.

**Associated Press Lead-wire Service.**

## BUSINESS.

### FINANCIAL AND COMMERCIAL.

**OFFICE OF THE TIMES.**  
LOS ANGELES, June 7, 1895.  
**THE NEW BONDS.** In a few days the  
public will be invited to bid on the bonds  
which were recently voted for schools,  
police station and headquarters. About  
three months ago it was a trouble, ques-  
tion, and there will probably be some  
lively bidding for them. Proposals for  
the bonds will be received by the City  
Clerk, Charles Luckenbach, up to the  
Council meeting, to be held Monday, June  
24, and not later than 10 o'clock of the  
morning of that day.

**MORTGAGES.** In regard to the mort-  
gage record during the month of May,  
the investor says that 405 mortgages  
were released, amounting in all to \$1,619,-  
000, exclusive of "partial releases." The  
amount of which it is impossible to ob-  
tain. During the same month, 644 mort-  
gages were placed on record, securing  
\$322,351. The real estate transfers were  
1430, and showed considerations amount-  
ing to \$1,745,130.

**COMMERCIAL.**  
**CALIFORNIA ORANGES.** The Eastern  
papers have had a good many things re-  
garding California oranges during the past  
few months. For the first time, California  
oranges have been widely distributed  
throughout the Eastern markets, and they  
seem to have made a good impression.  
The amount of which it is impossible to ob-  
tain. During the same month, 644 mort-  
gages were placed on record, securing  
\$322,351. The real estate transfers were  
1430, and showed considerations amount-  
ing to \$1,745,130.

**PLUMS.** The Philadelphia fruit-dealers believe  
that the plum orange is the best of the  
fruit. This year there was no shortage of  
oranges from the mountains, as in the  
past. The fruit is of a fine quality, and  
is becoming exceedingly popular.  
No Florida oranges are expected for at  
least four years, and the California product  
will be so strongly entrenched that removal  
from the market will be impossible.

**IT IS ESTIMATED** that the total shipments  
of oranges from Southern California up to  
date are a little over 5000 carloads, and  
that there remain nearly 700 carloads to  
ship. With the exception of some small  
quantities of fruit, the California product  
is so strongly entrenched that removal  
from the market will be impossible.

**THE ESTIMATE** of the crop makes the  
total of the crop about 6000 carloads,  
which is below the average estimates that  
were made early in the season. It is sev-  
eral years now since the orange crop has  
been so small. The crop is of a fine quality,  
and is becoming exceedingly popular.  
No Florida oranges are expected for at  
least four years, and the California product  
will be so strongly entrenched that removal  
from the market will be impossible.

**PIPES VERSUS CIGARETTES.** It is  
remarkable how small a matter will  
have an effect on the course of trade.  
The pipe-smoking habit has been growing  
endemic in California, and the consumption  
of cigarettes, which has grown to an enor-  
mous extent in the United States during  
the past few years, has been steadily de-  
creasing in this State. The pipe-smoking  
habit is becoming more and more preva-  
lent, and the consumption of cigarettes is  
steadily decreasing.

**THE SALE** of cigarettes to consumers  
has fallen considerably since the new tax  
law is evident from the reduced re-  
ceipts of the Internal Revenue Bureau.  
From this specific source of revenue,  
the leading tobacco companies of this city  
ascribe as a cause for this boom in pipe  
smoking by the younger members of the  
diplomatic corps here at the national  
capital. As a matter of fact, this boom  
in pipe smoking is due to the fact that  
the pipe-smoking habit is becoming more  
and more prevalent in this State.

**THE SUCCESSFUL GROCER.** The  
Merchants' Review of New York contains  
the following in regard to the points which  
go to make up a successful grocery store:  
"The successful grocer is a man who has  
a good location, a good stock, a good  
system, and a few years' experience, but  
who is getting there with 'both feet'."  
The successful grocer is a man who has

his assistants are expected to be attentive  
and courteous, intelligent and neat,  
and to be able to assist in the sale of  
the goods. When goods are ordered to be  
delivered at 11 o'clock, they are delivered  
at 11 o'clock; at 1 p.m. or 2 p.m.; the  
customer, also, can rely upon getting the  
right articles. Mistakes are common in  
some stores—not here. This dealer is in  
business in earnest, not for fun, and he  
takes things seriously. When an earnest  
man is vigilant, mistakes seldom happen.  
"These are some signs by which you  
can pick out the thriving grocer; we wish  
they were more common in evidence."

**GENERAL BUSINESS TOPICS.**  
**CALIFORNIA CONDENSED MILK.**  
One of the interesting manufacturing en-  
terprises of Southern California is the  
Pacific Condensed Milk and Coffee Fac-  
tory, whose works are at Buena Park in  
Orange county. The company is going to  
make a strong effort to do all the business  
possible in the territory tributary to Los  
Angeles. The manager says they are  
making an article second to none in the  
United States. The quality of the milk is  
lower than Eastern goods, owing to the  
freight. If such is the case the fac-  
tory will certainly receive support from  
the people of this section. The com-  
pany is benefiting the farmers in the  
neighborhood of the factory by paying  
a good price for their milk.

**IT IS NOT** only the duty, but is the plain  
interest of all who are interested in the  
prosperity of Southern California to pa-  
tronize such home industries as these as  
much as possible.

**PLUMS.** Nothing has been so sur-  
prising to old-timers in this section of  
the State as the developments which have  
been made of an abundant supply of water in  
unexplored sections of the State. The old  
idea of Southern California as a dry  
country is a thing of the past. The water  
supply is so abundant that it is impos-  
sible to raise the bottom lands, or here  
and there where a supply could be  
rapidly disappearing. In boring for oil  
around the city water was frequently  
struck, to the disgust of the borers, even  
in the high hills, where no one would  
have dreamed of encountering it.

**THE LATEST** important development in  
this line is in what has been known as  
the alluvial belt in the Perris Valley in  
Riverside county. An enterprising mar-  
chant named Oak went to work and bored  
two wells, one ninety feet and the other  
one hundred feet deep. The result was  
that a large supply of water was ob-  
tained. The water is of a fine quality,  
and is becoming exceedingly popular.

## The Times

ALL ALONG THE LINE.  
Green lemons sell for 2 to 2½ cents per pound at San Diego.

California cherries sell for 25 to 30 cents a pound in New York.

San Diego has a dewberry plant which is 1 year old and fifteen feet high.

The new bird discovered on Mt. Lowe will go down the centuries known as the "Eco Mountain thrush," and a chrysanthemum will be known as the "Mt. Lowe." Thus will the names of charming spots in Southern California be perpetuated until Gabriel blows his horn.

U. S. Grant, Jr., is building a second business block in San Diego. Evidently the Grant family has come to the Silver Gate to stay. Its members now own three residences and two business establishments there. Mrs. Gen. Grant will pass the summer at Newport and other Eastern seaside resorts.

There is some advantage in sometimes being a girl. At Bismarck, Ariz., a girl has just been arrested for horse-stealing, and will be tried by the courts. If the thief had been a male instead of a female no jail would have been of avail. He would have been the central figure at a necktie party. That's certain.

Redlands is a city of lodges as well as a city of schools and churches. It possesses ten secret organizations, Masons, Royal Arch Chapter, Odd Fellows, Rebekahs, Knights of Pythias, Junior Order of United American Mechanics, Ancient Order of Foresters, Royal Arcanum, Woodmen of the World, American Protective Association.

John P. Clum, who is known to most of the old residents of Arizona and California, was recently entertained at a dinner given at the Downtown Club in Washington city by the society of the Sons and Daughters of Maine. The dinner was in recognition of Mr. Clum's having delivered a lecture on the marvels of the West for the benefit of the society. Mr. Clum is a versatile gentleman who has been in Indian agent among the Apaches at San Carlos, editor of an Arizona paper, Mayor and postmaster of Tombstone. He is now employed as a traveling inspector of the Postoffice Department, and while in the East breaks the monotony of his official duties by delivering illustrated lectures on the interesting features of life in Arizona and California.

Visiting Cards a Necessity.  
Copperplate engraving of all kinds. The Whedon & Webb Co., No. 114 West First street and No. 233 South Spring street.

SANTA MONICA SUNDAY.  
Splendid programme of twelve numbers by the magnificent Los Angeles Military Band. Surf bathing is just right. The big plunge in North Beach bath-house in running order. Hotel Arcadia open. Pompano biting at Port Los Angeles. Trains leave Arcade Depot 8:30, 9:25, 10:30 a.m.; 1:10 p.m. Last train leaves Santa Monica 6 p.m. The Southern Pacific is the short line, makes fast time over rock-ballasted roadbed. Round trip, 60c.

Made Another Man.  
Happy yesterday. He rents no longer. Have little two-room house for \$50 at \$10 per month, no cash down. Then we have a charming five-room cottage, bath, pantry, nice lot, fenced, on car line, for \$130 at \$20 per month. Pico Heights. This is a coming part of town, good car service, country enough to keep out of the landlord's clutches. Langworthy Co., No. 226 South Spring. Take the lifter.

NOTICE TO OWNERS OF PROPERTY ON STREETS IMPROVED UNDER THE BOND ACT.

The semi-annual interest on all street improvement bonds is now due. The same is payable and becomes delinquent July 1, 1895, and if not paid the property is subject to sale after that date.  
W. A. HARTWELL, City Treasurer.  
Los Angeles, Cal., June 1, 1895.

A Late Lover.

When you have a bad case, don't delay until too late, as you may always be single and never have occasion to want one of our little homes on monthly payments. Neat little five-room cottage, good lot, barn, near car line, for \$750, at \$15 per month. Marriage is not a failure. Nay, nay, Pauline, Langworthy Co., No. 226 South Spring. Elevator.

Here! Are You Needing Any?  
Of water-pipe and fittings, every kind under the sun that is any account, we carry an assortment. We also keep rubber hose of every description—hose that will stand in quantities equal to any demand. In lawn sprinklers, no house can touch us. We are sole agents for the Wilson sprinkler, acknowledged to be the best of all. Whatever we sell and recommend is good and will give satisfaction. We pride ourselves on that, and no house in California makes lower prices. W. C. FURRY & SONS, No. 139 to 146 North Spring street.

Cut-rate Groceries.  
The "Economic" is strictly in it—that is, in their new store, and still rushing at the same low cut rates. Some few goods were slightly damaged during removal and will be priced low to clear out quick. Call in and judge for yourselves. No. 408 South Broadway.

Smith's Dandruff Pomade.  
The finest dressing for the hair. Produces vigorous growth, cleanses the scalp and cures dandruff, and gives that appearance of softness, abundance and beauty so much desired. Your druggist keeps it. Sale & Son, No. 220 South Spring street.

Natick House Meals the Best.  
Try them. Single meals, 25 cents; twenty-one for \$4.50. Fine table, fine dining-room, splendid service, all the conveniences of a hotel at restaurant prices. Free bus.

"JESSE MOORE" whistles are unexcelled for purity and quality.

DR. McLELLAN, Hotel Broadway.

## THE OIL BUSINESS.

The Attorney-General Asks for an Injunction.

Complaints Have Been Made Against All the Leading Companies of Los Angeles.

A New Move—Lot on Fashionable Figueroa Street on Which It is Proposed to Sink Oil Wells.

The question of the petroleum industry of Los Angeles and the extension of that industry has occupied, and occupies, much interest among property owners in this city. It began in a small way but has gradually extended until at the present time it represents large vested interests. The city courts have been appealed to to determine the locality within which wells for pumping oil might be sunk and other wells still before the courts. A few phases of it has been brought to light in the shape of a complaint brought before the Attorney-General of California, in which an injunction is sued out for a restraining order on several of the oil companies now operating in this city. The news comes in the form of a telegraph dispatch from San Francisco as follows:

"The people of the State of California propose to put a stop to the operation of two hundred or more oil wells situated north of Sixth street and west of Pearl street in the city of Los Angeles. Complaints, asking for an injunction, were signed today by Atty.-Gen. Fitzgerald, to be brought on the complaint of L. W. Wells against the Far West Oil Company, the Los Angeles Crude Oil and Development Company, the Los Angeles Transfer Company, the East Side Oil Company, the Lake Shore Oil Company, the Los Angeles Improvement Company and a large number of individual well owners.

"The oil region covers a part of the city containing several thousand residents and is claimed to constitute a public nuisance. The condition of affairs as presented in one complaint is most annoying. It is stated that the owners of the wells unlawfully obstruct the public streets with wires, pipes, cables, derricks, oil tanks, sludge holes, pools of stagnant water and that the wells are covering and besmearing public streets with oil, asphaltum, sludge and filthy debris. The people of the vicinity have had their health impaired by the obnoxious, vaporous smoke, while the ambient air is so polluted that their rest and sleep are disturbed, their houses and premises are rendered unfit for habitation and their shrubbery and lawns are in a shocking state. Other charges made against the oil well owners are that they store crude petroleum in wooden tanks, thereby endangering surrounding property and lives from fire and that they 'allow steam to escape from their boilers with loud, hissing and roaring sounds' and that they 'hammer and pound with great noise, preventing the residents from enjoying their rest and sleep.'

A NEW MOVE.  
Wells to be Sunk on Fashionable Figueroa Street.

There is a movement on foot by some parties, claiming to be oil men, to go forth in search of pastures new. Just now some of them are not content, apparently, with having the greater portion of the west side at their disposal, but intend making a prospecting tour through the southern district of the city.

The statement is made that Messrs. Ramble & Marsh, acting conjointly with some other parties, have leased a lot on Figueroa street on which they propose to hunt for oil. It is said that one of the members of the firm mentioned, had an expert go forth with a divining rod and he reported that the rod showed the presence of a large body of oil in that part of the city.

The lot spoken of as leased is nearly opposite the residence of T. D. Stimson on Figueroa street and adjoining the home of that gentleman's son. The company which has leased the lot for the alleged purpose of hunting for oil is composed of the firm of Ramble & Marsh, A. F. Mackay, A. McNally, Nevell Bros. and T. B. Keffer. The latter, it is said, claims to be an experienced oil man from Pennsylvania, and says he is convinced that there is an abundance of oil underlying that particular locality.

As the locality selected was immediately opposite Mr. Stimson's residence and adjacent to that of his son, he was called on and asked what he thought about it. His representative said, Mr. Stimson being absent, that Mr. Stimson did not think that the parties in question were looking seriously for oil; that if they were they would invest their money where they were sure that oil would be obtained instead of braving it in directions where no oil had as yet been found. He had no objections to parties sinking wells, because he was sure that if they did not find oil they would be sure to find good water and good water was something the community could not have too much of.

RUHLAND LEVANTED.

A Serious Charge Against a Local Butcher.

E. B. Fletcher yesterday swore to a complaint charging J. B. Rubland, late proprietor of the Eastern Market at Fourth and Spring streets, with attempting to defraud creditors. Fletcher alleges that he trusted Rubland to the extent of \$33.82, on the representation that Rubland was about to sell out for a large sum of money with which he would liquidate his indebtedness. Rubland did dispose of his business on June 5, Fletcher alleges, for the sum of \$2000 but instead of paying Fletcher the \$33.82 the latter says that he levanted and went to San Diego county.

Consul-General Johnston went to San Diego yesterday, armed with a warrant to bring Rubland back. When the Consul returned, Rubland's friends were on hand to go on his bond.

The Upheaval in Trade Keeps on Upheaving.

That wonderful Dress Goods selling is the largest for four years. Think of how cheaply the goods are selling; think how grand the quality; look well to the style. They are the choice goods of the season. The price 35c a yard. Think of it, All Wool, 36 to 38 inches wide. Some have a sprinkling of silk mixed with the wool and the price 35c a yard. No wonder the trade keeps on growing. There are no such dress goods in this city the equal in style, the equal in quality for the price. Look the 200 pieces over. There is no house in this city that is having the crowds we are. Come to the door at any time and look in. There is always a busy throng; there is no doubt about it, this house is having a tremendous increase in trade.

Today visit the Glove counter; 4-button Kid Gloves, blacks and all colors, 4 large pearl buttons; a splendid wearing and an excellent fitting glove. The price—One Dollar. A real kid 6-button length Mousquetaire worth \$1.50 anywhere, here the price 79c a pair, all sizes and choice of new goods; silk mitts 25c to \$1 a pair; lots of extra good qualities for 35c, 40c, 50c and 75c a pair; gloves at the same price; blacks, tans, grays, cream, white; the glove trade is now in the front ranks.

Royal Worcester Corsets

From \$1 up; special sale of fine summer corsets with zone bodice, 50c a pair; a finer fitting corset you never wore. Try a Royal Worcester. More ladies are wearing them in this city than any other make; there is no corset that is better; there are few that are so good.

Two Hundred

Pieces in Duck Suitings; over 100 pieces percales; taffeta plisse in 75 styles; satens in the largest variety; only a few important things in the wash goods line; we have allotted double the usual space to this department, and are now selling wash goods with a full head of steam. More than doubling the wash goods trade over the business of a year ago; not an old piece in the house. Duck suitings from 8½ to 15c a yard. Plenty of black grounds with white figures.

## ARIZONA NEWS.

Board of Equalization Fixing  
Railroad Assessments.Report Showing the Depredations  
Committed by Papago Indians  
on Stockmen's Herds.Cattle Shipments—Fort Lowell is  
Thrown Open—Extension of the  
Maricopa and Phoenix  
Road to Mesa.

PHOENIX, June 5.—(Special Correspondence.) The Territorial Board of Equalization is in session for the purpose of assessing the railroads of the Territory for the year to come. Assessments were laid on all of the roads available except the Arizona and New Mexico, from Clifton to the New Mexico line, and the New Mexico and Arizona, from Benson to Nogales. Those roads have not yet made their returns, and the board will meet from day to day till the arrival of the same. Assessments were made as follows:

Southern Pacific, per mile.....	\$500
Atlantic and Pacific, per mile.....	5000
Arizona and Southern (Fairbanks to Bisbee).....	4900
Maricopa and Phoenix, per mile.....	500
Mineral Belt, per mile.....	400

The Atlantic and Pacific reduction was made on recommendation of boards of superintendents along the line. The Maricopa and Phoenix was decreased from \$1500, owing to the increased income of the line, due to the tax-exempted opposition. The Arizona and Southern pays only on its road from Fairbanks to Bisbee, the line from Benson to Fairbanks being exempt for twenty years. Complaints, if any are made, will be heard at the session in August. Miss Hattie Schriver was made secretary of the board.

## TEACHERS APPOINTED.

School teachers have been appointed for the coming year, as follows: R. W. Conner, principal, R. W. Coy, sixth grade; Miss Laura Dobbs, Mrs. L. J. Moore, fifth grade; Miss Marian and Hattie M. Culver, fourth grade; Miss Ida Warren, third grade; Miss Adine Bury, Miss Margaret Williams, second grade; Miss Alice Gray, Miss Mabel Early, first grade; Miss Ada Kelly, Miss Mary Lee, West End—Principal, Prof. William Lee; third grade; Miss Rosa Proops; second grade; Miss Lila L. Rembert; first grade; Miss Edna Edwards; second grade; East End—Principal, Prof. J. C. Cole; third grade; Miss A. Tyrrell; second grade; Miss Lora Kirkland; first grade; Miss Clara Johnson.

## Heretofore mail for all points along the

Atlantic and Pacific from Bartow to Albuquerque will be sent out over the Northern and Southern roads. The mail will leave Phoenix at 6:00 a.m.

## Good progress is being made on the

Agua Fria reservoir and canal. The schoolmaster on the track today.

## Thirty candidates entered the examinations

for teachers, and some of them found them very difficult. In arithmetic it is understood seven went down. The examinations were in sixteen branches.

## Some very fine articles, as to size and

color, have been contributed to the Chamber of Commerce by Col. Masten. They have been placed among the exhibits.

## A complaint from high sources has

been received by Elizabeth Y. Allen, on her new song, "The Brothers." It is from John Philip Sousa, the famous bandmaster, who has offered to play the music in several of his concerts if the composer would provide the music for the instrumentation of his fifty pieces.

## Arrangements are now being made for

the erection of a handsome school building at Glendale, to cost \$6000. The bonds have been sold.

## Yesterday a carload of apricots was

shipped from Glendale to Chicago. Shipments from now to the end of the season will be three carloads a week, all for the East. Fruit has been ripening very slowly for the past ten days on account of the cool weather and, though shipments have been regularly sent out they have been in smaller quantities than they now go forward, as the weather is warming up and apricots and early peaches will ripen with a rush. The blackberry crop this season is in considerable abundance and the berries are the finest, large, black and bright, with a flavor that often gives them the preference over the most luscious strawberries. The valley should have thousands of acres of blackberries, but that fine crop into Northern and Eastern markets by the middle of May and the return would be a fortune.

## SUSANNA SHIPS.

The new City Council has demonstrated that it is constructed on liberal lines. An gentleman, in keeping with the increase in the city and the duties of the office, the salaries of the assessor and marshal were each raised to \$125 a month, and Health Officer Tuttle came to his little raise, too, from \$25 to \$40 a month.

## LARGE CATTLE SHIPMENTS.

Probably the large west of Arizona cattle in the history of shipments of the following, of the week ending the 25th, furnished by Secretary Richmond of the Phoenix:

San Simon ..... 621

Hackberry ..... 550

Pantano ..... 407

Ask Fork ..... 407

Total ..... 20,471

This means \$20,000. Pretty good for one week's income.

## TUCSON.

TUCSON, June 5.—(Special Correspondence.) Col. J. Roe Young, Indian agent at Sanction, who has charge of the Pima, Maricopa and Papago Indians, met with the settlement of this (Pima) county on June 3 to confer relative to the depredations committed upon the herds of the stockmen by the Papago Indians.

C. Duncan of Washington, who, in addition to inspecting Territorial Governors, also inspects Indians, was present, and it was proposed that the stockmen send, through him and the Indian Bureau, to the Secretary of the Interior, a statement of the facts in the case, with a petition for relief. This statement discloses some very important and well-authenticated facts in the case. It appears that during the past five years about ten thousand head of stock have been stolen by the Indians and sold as dressed beef or driven away into Sonora. Some of the cattle men have lost nearly their entire herds, notably James Quinlan and Frank Proctor.

Slack & Driscoll have lost 4500 head and smaller owners proportionate numbers. The petition prays that the Indian agent be supplied with funds to develop a supply of irrigating water on the San Xavier reservation, and that all the Indians under his immediate supervision be kept thereon by force, if necessary.

A telegram from Mr. Meyer, formerly in business here, announces that he failed to make connections for the Colima, as he intended.

The tearing up and smoothing-down process, so general here, has reached the Southern Pacific buildings. Appearances will be better there when it is all over.

## PORT LOWELL THROWN OPEN.

PORT LOWELL has now formally opened to settlement. There have been many inquiries as to surveys and land there, at the land office, and all have been requested to wait till word comes from Washington in response to the inquiries.

The Commissioner has the holding of five thousand acres and over were available to entry. Under date of May 21 the register and receiver have been advised from Washington, as follows:

"But where entry is made under this act, the entryman will be required to pay for the land at the value heretofore or hereafter determined by appraisal, and the payments may be made at the option of the purchaser in five equal installments, at times and at rates of interest to be fixed by the Secretary of the Interior."

You are further advised that a person who settles on land, a part of which is surveyed and the other part unsurveyed, will not be required to place his entry of record for the surveyed portion, but he may continue his residence thereon and cultivation thereof, and make his entry when the remaining unsurveyed portions of the tract are surveyed and approved, and the triplicate plat filed in your office, and his rights will relate back to the date of settlement."

This paying for the land seems to have taken the possible settlers by surprise. The result is that there has been no Kiekapoo runs to the Lowell lands, notwithstanding that they are a vastly superior to the Oklahoma lands.

But little that was not before known in the Cannon shooting case was brought out at the trial. The deceased, mother of the murderer, testified that she paid no attention to so common an occurrence as a quarrel between the two. She said that the deceased had repeatedly threatened the life of Mrs. Cannon if she did not return and live with him.

In Tucson during May the mean temperature was 74 deg., the highest being 101 deg. and the lowest 45 deg. The greatest daily range in temperature was 42 deg. and the least 15 deg.

The stay of Hoke Smith's paramount commission to Arizona is being made as pleasant for them as possible by both the Hughes and anti-Hughes factions, or, as the citizens call them, the Hughesmen and Cockleburrs. Gov. Hughes gave a reception Monday evening to the gentlemen, Messrs. Olive and Duncan, at his home. It was attended by prominent social and official lights, though some were conspicuous by their absence. A delightful evening is reported.

## PRESCOTT.

PRESCOTT, June 5.—(Special Correspondence.) Cut granite with red sandstone trimmings will be used by F. Scovel on his new business block at Montezuma and Goodwin streets, instead of brick, as intended. Mr. Scovel promises one of the handsomest buildings in Prescott.

The latest arrivals for the celebration are six handsome trotters from Utah. From Phoenix comes word that seven wheelmen will make the trip from there about the 15th to go in training in the higher altitude of Prescott. The advertising matter of the celebration is being carried far and wide. Canvases are now being made to ascertain how many excursionists can be provided for in the homes of Prescott, the prices expected, etc. The city will be crowded with visitors distributed accordingly.

A Prescott colored man declared he would kill a woman, but instead of providing a "sawab," he got a forty-five shot. The man was in trouble for the law draws the line at six-shooters, especially big ones. An officer took after Mr. Bad Man, who threw his gun away. That rattled the man, and he is now in jail with good prospects for a \$50 fine ahead.

From Walnut Grove over one thousand head of cattle have recently been shipped, with as many to follow in a few days. Recent property purchasers are living in tents until they can build.

## TEMPE.

TEMPE, June 5.—(Special Correspondence.) Dr. James McNaughton of Prescott will be the next principal at the Normal School here, at a salary of \$1800, the board of directors yesterday so deciding. The bid of \$22,000 of Contractor Campbell for the completion of the new normal building was accepted, conditional on his giving a proper bond. There was discussion as to the legal status of the school, but the board decided to proceed.

The District Court this morning Judge Baker overruled four demurrers to the indictments in the Dagg's cases and sustained one. The prisoners pleaded not guilty. The cases are now ready for trial. Cases in which juries have been demanded were set for next week, beginning with Monday morning.

The Maricopa and Phoenix extension to Mesa now depends on a few minor rights-of-way, which will doubtless be obtained. Work will be made on the grade as soon as all rights are obtained. The extension already given permission for a franchise through Tempe, conditional on being completed through the city in forty days, and to Mesa within six months.

The extension will depart from the old line at Third street, thence east to the highway to Mesa, and will parallel the highway to Mesa on the north side of that thoroughfare. The line to Mesa will be a special management. Work will probably begin about Saturday.

The Board of Supervisors and President Frank Murphy of the North and South roads are expected here about Thursday, to make an official survey of that road. The safe of the Wildman-Peters-Goldman Company went through to the ground this week. Damages slight.

## JEROME.

JEROME, June 5.—(Special Correspondence.) The Chronicle of Jerome is no more. In his swan-song the editor asked that notice be accorded. He had no regrets or censures, but complained of the hint implied by lack of patronage that the Chronicle was not wanted.

The Jerome school closed last Friday. The new United Verde Hospital will soon be completed.

## WINSLOW.

WINSLOW, June 5.—(Special Correspondence.) Mrs. Bennett, wife of a hard-working man and mother of five children, has eloped. At least there are good grounds for such a belief. The lady is gone, and with her the youngest of her brood. Robert Lawrence, known better as "Windy Bob," disappeared the same night, and they are believed to have gone together. A horse that disappeared the same night is supposed to have accompanied them. They are thought to have gone on horseback.

Winslow is fortunate in a new arrival here, a versatile gentleman, who advertises that he is one and the same person will provide physics and surgery for failing humans and pianos; and to put in good repair all organs, both human and instrumental.

Genial Gus Heyman won for himself undying fame here a few days ago by officiating as auctioneer at a church fair. He did even more than that. He was a turnip; he brought the "reads" from the pockets of the meanest cren in town.

FLAGSTAFF.

FLAGSTAFF, June 5.—(Special Correspondence.) Muderbach, who killed another sheepman, Klosterneyer, was held for the grand jury. He furnished bail in the sum of \$4000.

The G.A.R. of Arizona will have a visit they will remember when they come to Flagstaff. The encampment will be on the mountain side, in the coolest of spots, and the trip to the Grand Canyon will be a feature all will enjoy. Every facility for making the excursion pleasant will be made by the old soldiers here for their comrades.

The Courthouse is rapidly approaching completion. The roof is now on.

Married in Flagstaff, Rev. Father Connelly officiating, Tuesday, June 4, Balser Hook and Miss Maggie Steffen. Good wishes and salutes have been extended the happy couple.

E. E. Kirby was examined for insanity and found sane. He was subsequently charged on a charge of assault with a deadly weapon on W. H. Carroll, and held to await the grand jury.

Photographer Osborn's cabinet of fine views and specimens of mineral, rocks and petrified wood is now on exhibition at the Albuquerque railway station.

KINGMAN.

KINGMAN, June 5.—(Special Correspondence.) Artesian water will be sought in Mohave county shortly. W. H. Lake will bore in Lake Villa Park, where he believes an artesian well is underlying. Great benefits will result in the event of his success.

Two hundred Mohave Indians came from Needles to take in the ration issue to the Wallapai. Tuesday afternoon they defeated the Wallapai in a game of "shiny" for a purse of \$14, and since then have had and have with the Wallapai grub pie.

Cattle shipments to June 15 will aggregate 8000 head. This means a big, round \$100,000.

ARIZONA PERSONALS.

Gov. Hughes and family and James A. Fleming and family of Phoenix will leave soon for Flagstaff to cool off in the mountains.

Porter and Richard Fleming and Will Robinson of Phoenix arrived at Flagstaff by private conveyance, and are camped at the foot of Observatory Hill. They are out for a three-month vacation, and will start for the Grand Canyon in a few days.

Mrs. Emma J. Attenborough of Arizona is at present visiting the family of Lieut. P. D. Lockridge at Fort Logan, Colo.

ARIZONA EDITORIALS.

(Tucson Citizen.) Judge Olive and Col. Duncan, the court of inquiry on the moral conduct of the Governor, are here. If these gentlemen can see their way to clear water through the mud of the Tucson Democracy they will deserve promotion at the hands of the national administration.

(Phoenix Republican.) The North and South road has accomplished one good thing for the Territory. It has brought the people of the north and south into closer communication and has consequently placed them upon better terms with each other. The old sectional feeling will soon die out and the people will be gainers by it.

The Silver Belt thus tersely sums up the Indian situation on the San Carlos reservation: "Not enough grub," and further says, "Full rations and full rations and the trouble will disappear."

(Tucson Star.) Yuma county is going to have the largest irrigation canal in the Territory to bring water to the city on a half million acres of land, which will cause the city of Yuma to rival any town in the Territory.

The continuance of the Zona Libre with its special tribute to a few, is denounced as unjust by the rest of the republic of Mexico. . . . In the Zona Libre is a cause of irritation in the relations between the United States and the Republic of Mexico. It injures trade on the American side of the line to a limited extent; it discriminates against the great majority of citizens in favor of a few and it maintains costs the country a large sum of money. Under these circumstances, although there are arguments in favor of it, it seems that Mexico should, in the interest of her people and of the government, abolish the Zona Libre.

CHAMBER OF COMMERCE.

May Exhibits to Take the Place of the Old.

Mrs. Morrison of East Los Angeles displays a beautiful specimen of cactus blossom, in which the colors are wonderfully blended.

J. Gibbs of Vernon has sent in a display of seedling oranges.

From T. Davidson of Acton has been received a consignment of Black Tartarian cherries, from four-year-old trees; the fruit has the real, old-fashioned New England flavor.

M. W. Myers of Eagle Rock makes a display of mammoth silverskin onions, the first of the season.

Edison & Arnold send in from their Belle Louise ranch, Mazatlan, specimens of bald wheat in the sheaf.

Arthur Bland of San Fernando has the credit of making the first display of the season of sage honey.

Today the Southern California Dairy-men's Association will hold the regular monthly meeting in the Chamber of Commerce. The assembly hall is crowded, and awards has been turned over to the Treasurer of the United States, and all those interested in the matter should address their communications as above.

IN THE ART GALLERY.

Miss Coates large canvas, "One Hundred Years Ago," was recently bought by Mrs. Wesley Clarke.

Kate Newhall has a fine marine, "Point Lema," in which she has obtained charming atmospheric effects.

J. Bond, Frenchman, two especially good exhibits, one, a fine marine with a long stretch of sandy beach, and the other a wood interior, in which he has caught a wonderful effect of sunlight through the live oaks, upon the sandy road and moss-covered rocks.

Charles Ward has a dainty bit of landscape and Health shows a large canvas, "On the Coast of Maine," in which the action of the water is finely treated, but with the sky the artist has not been so successful.

Messrs. Walton and Wachel have been sketching in the country the past two weeks, and some good work may shortly be expected from them.

The directors of the Society of Fine Arts will meet on Monday evening, when a call for new pictures will be issued.

REASONABLE.

Immediate examination and purchase of a refrigerator. Five complete lines, unsurpassed for quality and price, to be found only at the Cass & Spurr Store Co., Nos. 224 and 226 South Spring street.

## TO DEMAND DEPOSITS.

## A Proposed Lawsuit Against the Gas Company.

The Los Angeles Lighting Company is threatened with a suit similar to those brought against the gas company in San Francisco some time ago, the object being to compel the company to refund to consumers the cash deposit required before a meter is put in a building or gas furnished. The plaintiff in the contemplated action is a collection agency, represented by M. G. Norton, an attorney, who claims that, under the statutes, the gas company is obliged to furnish gas when regularly applied for, whether or not it is put up in advance, and he claims that the putting in of a meter is the company's business, and is for the sole benefit of the company. The company must supply the gas and the apparatus for measuring it, and can exact no charge or deposit for the latter service. He claims that the result of similar suits in San Francisco warrants him to go ahead with this, confident of success in making the company refund.

The collection agency has distributed among gas consumers circulars which say, in part:

"It is a well-known fact that the Los Angeles Lighting Company, and its variously succeeded in securing the sum of \$5, under a pretense of being a deposit for their gas meters. As there are probably twenty thousand meters in use in the city of Los Angeles and vicinity, this grasping corporation is reaping the benefit of the use of at least \$100,000 of the people's money, and it is now our intention to use every legal means to secure the return of this money, and to have a better system of metering than any banking system ever inaugurated."

Walter B. Cline, president of the Los Angeles Lighting Company, when asked about the impending suit, said:

"This threatened suit is rubbish, and looks like an attempt on the part of a lawless and ambitious attorney to blackmail us or advertise himself. I received a note from him some time ago, inviting me to come to his office on business, and I went there. He said he had a proposition to make to me, and I refused to talk. He then said he would better see him, and he was the only man who could stop this. He said, of course, he did not go, but he had patiently awaited the bringing of the action. We are not worried about it in the least, as we know our business, and what we are doing. Let the suit be brought. We are certainly able to refund every dollar on deposit with us if ordered to do so by the court, but we have no fears on that point."

Mr. Cline then went on to point out what he called absurdities in the circular to consumers. Instead of 20,000 meters being in use in the city, he said, there were just 4539 on June 1. On April 30 the last balance sheet which was completed showed that the deposits for meters or meter security for gas furnished, amounted to \$13,041.25, instead of \$100,000 as alleged in the circular.

He also pointed out the fact that \$5 was the minimum deposit required. Deposits ranged all the way from that sum to \$50, and even \$100 in one instance. Mr. Cline denied emphatically that the company was in any way using the deposits as security for gas bills that might accrue, and which the consumer might be unable or unwilling to pay.

President Cline further stated that deposits are only required of persons whose financial responsibility is unknown to the company. It is only required as a security for bills incurred by transient customers who might move away without settling for the last month's gas used.

Property owners and persons of known financial standing were not compelled to make deposits; neither were persons who had other responsible parties to vouch for them. Company meters have as security can draw them down on satisfying the company of their integrity and ability to pay for all the gas used by them.

## POLICE COURT NOTES.

The Law Meted Out by Justices Morrison and Owens.

In the Police Court yesterday, J. McNulty pleaded not guilty to the charge of petty larceny, and had his trial set for 1:30 p.m. today.

John Nash, the self-confessed embezzler, was given a one hundred-day "float" when sentence was pronounced.

George Johnson, colored, was held in \$2000 bail to answer to the charge of burglary. Johnson is one of the men who is charged with stealing and disposing of Ada Dyer's furniture, while the dusky dive-keeper was out of the city waiting for the crusade against the social evil to blow over. Pompey Smith, Johnson's alleged accomplice, was discharged for lack of proof that he helped to steal the furniture.

S. Christopher, the Temple-street barber who kept open shop on Memorial day in violation of the holiday-closing ordinance, withdrew his plea of guilty and filed a demurrer. Hearing of the case was postponed to June 14.

Fritz Krantz tried very hard to convince the court that he is not a vagrant, but the justice concluded he would have to sleep a night over the matter before rendering a decision.

Hugh Keenan and Arthur Slater, two small boys, were both acquitted of the charge of battery.

James McGowan, W. W. Sanchez and E. Redona were each fined \$10 for disturbing the peace. Redona came up with the coin, but the other two were granted till June 19 to raise the required sum.

When the case of E. Huntley et al., was called, only Joseph Lemberger appeared in court. He entered a plea of not guilty, and the case was set for June 14.

In the case of H. V. Campbell, Jane Doe (widow) and John Doe Smith were arraigned for disturbing the peace. Both pleaded not guilty and had June 15 named for their trial.

Paul Thurnstein was arraigned for battery on the person of J. M. Arnos. He pleaded not guilty and will try to prove his innocence June 12.

William Gregory made it appear that the Chinaman that he battered chased him with a knife, instead of selling him radishes. William was therefore acquitted of the charge of battery.

Frank Miller had his trial for battery postponed till June 10.

William McGowan, W. W. Sanchez and E. Redona were each fined \$10 for disturbing the peace. Redona came up with the coin, but the other two were granted till June 19 to raise the required sum.

When the case of E. Huntley et al., was called, only Joseph Lemberger appeared in court. He entered a plea of not guilty, and the case was set for June 14.

In the case of H. V. Campbell, Jane Doe (widow) and John Doe Smith were arraigned for disturbing the peace. Both pleaded not guilty and had June 15 named for their trial.

Paul Thurnstein was arraigned for battery on the person of J. M. Arnos. He pleaded not guilty and will try to prove his innocence June 12.

William Gregory made it appear that the Chinaman that he battered chased him with a knife, instead of selling him radishes. William was therefore acquitted of the charge of battery.

Frank Miller had his trial for battery postponed till June 10.

William McGowan, W. W. Sanchez and E. Redona were each fined \$10 for disturbing the peace. Redona came up with the coin, but the other two were granted till June 19 to raise the required sum.

When the case of E. Huntley et al., was called, only Joseph Lemberger appeared in court. He entered a plea of not guilty, and the case was set for June 14.

In the case of H. V. Campbell, Jane Doe (widow) and John Doe Smith were arraigned for disturbing the peace. Both pleaded not guilty and had June 15 named for their trial.

Paul Thurnstein was arraigned for battery on the person of J. M. Arnos. He pleaded not guilty and will try to prove his innocence June 12.

William Gregory made it appear that the Chinaman that he battered chased him with a knife, instead of selling him radishes. William was therefore acquitted of the charge of battery.

Frank Miller had his trial for battery postponed till June 10.

William McGowan, W. W. Sanchez and E. Redona were each fined \$10 for disturbing the peace. Redona came up with the coin, but the other two were granted till June 19 to raise the required sum.

When the case of E. Huntley et al., was called, only Joseph Lemberger appeared in court. He entered a plea of not guilty, and the case was set for June 14.

In the case of H. V. Campbell, Jane Doe (widow) and John Doe Smith were arraigned for disturbing the peace. Both pleaded not guilty and had June 15 named for their trial.

Paul Thurnstein was arraigned for battery on the person of J. M. Arnos. He pleaded not guilty and will try to prove his innocence June 12.

William Gregory made it appear that the Chinaman that he battered chased him with a knife, instead of selling him radishes. William was therefore acquitted of the charge of battery.

Frank Miller had his trial for battery postponed till June 10.

William McGowan, W. W. Sanchez and E. Redona were each fined \$10 for disturbing the peace. Redona came up with the coin, but the other two were granted till June 19 to raise the required sum.

When the case of E. Huntley et al., was called, only Joseph Lemberger appeared in court. He entered a plea of not guilty, and the case was set for June 14.

In the case of H. V. Campbell, Jane Doe (widow) and John Doe Smith were arraigned for disturbing the peace. Both pleaded not guilty and had June 15 named for their trial.

Paul Thurnstein was arraigned for battery on the person of J. M. Arnos. He pleaded not guilty and will try to prove his innocence June 12.

William Gregory made it

# RAILROAD RECORD.

## FLOUR FOR CHINA.

### Proposition to Have a New Oriental Line.

Freight Rates Badly Demoralized—Shippers Getting Everything They Ask For.

### Arguments Continued in the Oregon Short Line Case—Death of an Official—Passenger Association—Scraps.

The question of furnishing flour to the Chinese has been a pet one for many years with Pacific Coast millmen and steamship owners. The question is again revived by a very pronounced form by the Great Northern Railway, which is elaborating. His ideas are those of others are given in a dispatch herewith, received from Stockton last night, and which is as follows:

"Much interest is felt here over the announced intention of James J. Hill of the Northern Pacific and Great Northern railways to start a new line of steamers in the flour trade with China. The magnitude of the flour trade from the coast to the city of Stockton by each steamer that leaves for San Francisco for China many thousands of sacks are shipped and it is the opinion of shippers here that President Hill will find that he cannot long keep the staple for sale at the price named. It is his plan to place the flour on the market at so low a price that it will cause the Chinese to use flour more of rice.

**RATES DEMOLISHED.**  
ST. LOUIS (Mo.), June 7.—Not for a long time has the rate situation in St. Louis been so demoralized and hopelessly bad as it is at present. In all directions, upon all commodities and over all roads, shippers can get any rate they happen to want. Tariff-sheets have been laid aside, and freight-men are engaged in a wild struggle to see who can get the most business at the least profitable rate.

**ARGUMENTS CONTINUED.**  
SALT LAKE (Utah), June 7.—In the Oregon Short Line case today, Mr. Pierce, on behalf of the Union Pacific, took up the three allegations of the loan company's complaint, on which was based the application for removal of the present receivers.

He argued that if the operation of the Short Line as part of the Union Pacific system was not satisfactory, the proper remedy was to apply to the court for instructions to the receivers. He claimed that there had been no violation of the traffic contract, and that a fair distribution of the earnings had been made.

Mr. Kellogg, for the company, then addressed the court. He said the loan company represented as trustees the bondholders under the mortgage to the extent of over \$10,000,000, the collateral mortgage of over \$15,000,000.

**AN OFFICIAL DEAD.**  
OAKLAND (Cal.), June 7.—C. L. Crabtree, general baggage agent of the Southern Pacific, died here today. He was stricken with paralysis several months ago. Mr. Crabtree was born in Illinois in 1852. He entered the employ of the Southern Pacific in 1872, and was made general baggage agent four years ago.

**HOPING AGAINST HOPE.**  
CHICAGO, June 7.—There is some talk among the transcontinental lines of renewing their attempt to form a passenger association. No steps will be taken, however, until after the termination of the Oregon Short Line litigation. It is possible an association may be formed having control of business as far as Utah, and another to have jurisdiction between Utah and the Pacific Coast.

**THE DEATHBLOW.**  
CHICAGO, June 7.—The Atchafalaya, Topeka and Santa Fe and St. Louis and San Francisco roads filed notices of withdrawal from the Southwestern Traffic Association in St. Louis today. The action gives the deathblow to the association, which covers traffic between Eastern and Western points. Nearly all commodity rates have been cut from 50 to 75 per cent.

**TO REDUCE THE ORANGE RATE.**  
SAN FRANCISCO, June 7.—The Southern Pacific has joined the Santa Fe in a proposition to reduce the rate on orange seedlings shipped from Eastern points. The proposed rate is \$1 per hundred pounds in carload lots or not less than 24,000 pounds. The existing rate is \$1.25. The rate will apply only on seedlings and Mediterranean sweet. The rate on navel and other varieties will remain the same.

It is expected that the reduced rate will enable the growers to market the balance of their crop of oranges at a profit, and save them from a heavy loss. The rate will apply to all Eastern points, including the Atlantic seaboard.

**NO DEEP WATER.**  
STOCKTON, June 7.—R. B. Pond, J. W. Coleman and John Treadwell of the Central Hollow Coal-mining Company met with the Commercial Association tonight and outlined their plans for running a railroad line to deep water here or near Bethany on Old River. A committee was appointed to represent the Stockton association, and they retired with the visitors to reach an agreement if possible.

Ex-Senator Boggs owns a large tract of water-front property within the city limits, and he will give the railroad right-of-way over his land and what land may be needed for coal-bunkers. Boggs' proposed line will run from the Mormon Channel within 200 yards of the Valley Railroad warehouse, but the coalmen people want bunker ground on Stockton Channel, near the Valley road terminal. The Commercial Association will try to settle the differences and secure the road for Stockton.

**SCRAP HEAP.**  
H. C. Fisher, assistant to T. H. Duxan, resident agent in Los Angeles of the Burlington route, went to Santa Barbara on Thursday on business of that company and returned again last evening.

Next Sunday, June 9, the Southern Pacific will run nine trains to and from Santa Monica.

The Santa Fe Railway Company has issued a new time card, which goes into effect today. One of the new things introduced into it is the Catalina express, which will be run daily from Los Angeles, except Sundays, connecting with the steamer for Catalina Island. It will leave Los Angeles at 1 p. m. every week day, and will arrive on its return, in Los Angeles at 11:30 a. m. Among other changes the new time card will make is that the train leaving here at 4 p. m. for San Bernardino, Redlands and Highlands will hereafter leave for those points at 4:45 p. m. in addition to these changes the train for those same points, going by way of Orange, and which has been leaving Los Angeles at 11 a. m. will hereafter leave this city at 11:15 a. m. This train will, the officials state, have a full reclining chair car attached to it.

Arrangements have been made by the Southern Pacific Railway Company where by a special train will leave Long Beach at 8:30 p. m., connecting with the "Catalina Flyer," which leaves San Pedro at the same hour—8:30 p. m.

take into their hands to call another convention at San Pedro while waiting for the trial. The yard engine was requisitioned and the yard crew were called up, some coaches were pulled into line and before the meddles had time to over the minutes of the previous night's meeting they were being whirled on their way back to Los Angeles at the rate of forty minutes war-rant trip. They also say they had a delightful time.

Traveling Passenger Agent Steere of the Southern Pacific Company took a run out to San Pedro yesterday. They also say they had a delightful time.

The several organizations and clubs of colored people who have been invited to picnic to Santa Monica on June 19. It is expected that members of all the organizations of Southern California will participate.

Agent H. B. Keeler of the Southern California Railway has returned to San Diego from a visit to Kansas.

**ONLY A TECHNICALITY.**  
Attorney England Freed from Implications of Dishonesty.

As has been announced, C. W. England, the attorney who was arrested in this city about two weeks ago on a warrant from Lonoke, Ark., has returned to Los Angeles. He was charged with having, as president of the Bank of Lonoke, received public funds on deposit, in violation of an Arkansas statute, providing that any person or corporation loaning or receiving public funds into their possession should be guilty of embezzlement. In the case of Mr. England's bank, the funds were received prior to the passage of the statute by the Arkansas Legislature, but the failure of the bank during the panic of 1892 prevented the repayment to the county of about 25 per cent. of the amount received.

While it was never contended that Mr. England had fraudulently manipulated the affairs of the bank, he was indicted, seemingly as a test case, under the act referred to, although not arrested for more than two years after indictment. As soon as Mr. England learned that he had been indicted, he telegraphed to Judge Thomas of the Circuit Court to have the case set for trial and he would come at once, but received a reply saying that the case could not be set at that time, and that when he needed he would be notified. Nothing more was heard of it for two years, when he was arrested, as stated, at the instance of W. H. Eagle, an influential citizen of that place, who appeared in a will against whom Mr. England had given some depositions in the bank cases pending. Mr. England had received a threatening letter to this effect some time before his arrest, and the officer who came from Arkansas to make the arrest admitted that this was the cause of his arrest. Upon arriving in Arkansas he was met by friends at the county line with a bond, and he was released at that point. He proceeded, however, to Lonoke, remaining about two hours. During Mr. England's brief stay in Lonoke, W. P. Fletcher, the receiver of the bank, gave him a statement which completely relieved him from any imputation of fraud connected with the management of the bank.

George Shiley, Esq., and Col. J. E. Gatewood, attorneys representing the creditors who are prosecuting suits against the bank, have written Mr. England letters to the same effect as the receiver's statement, saying: "In examining the books and affairs of the bank we found nothing that appeared to be fraudulent. There were any fraudulent entries or manipulations we did not discover them. They appear to have been regularly kept." Thomas C. Trimble, the associate receiver in these bank cases, has written Mr. England since his return to this city a similar letter.

Mr. England is conceded by the receiver of the bank, the attorneys in the case, and by the chancellor on the bench, not to have been guilty of any fraud or misdoing connected with the bank; and it is expected by his friends that it will be held that in his case there was no violation of the law, the money having been received before it was made illegal for a bank to receive them.

**DECLINED A BANQUET.**  
Director-General Meyberg Dissuades His Admiring Friends.

A communication signed by forty-four prominent citizens and firms was addressed to Max Meyberg, director-general of La Fiestra de Los Angeles, desiring the opportunity of publicly recognizing his unselfish services in making the great annual feast the success it proved to be, and asked him to accept a testimonial banquet to be given at a time and place to be decided upon.

To the communication Mr. Meyberg addressed a reply to President W. C. Patterson, president of the Chamber of Commerce and other citizens. Surprising many thanks for the token of regard, but expressed his regret that he deemed it best to ask his friends not to carry out their kind intentions for various reasons. One being that he should not be singled out from all the great number of gentlemen who assisted in making the affair so successful.

To this President Patterson wrote Mr. Meyberg, regretting the decision of the latter in declining the tendered banquet, as his decision giving his fellow-citizens of the privilege of giving the desired public demonstration.

**TOO MUCH FOOL.**  
An Old Toper Goes to the Potter's Field.

Coroner Campbell yesterday held an inquest over the remains of the old man found dead in a haystack beyond East-side Park on Thursday afternoon. The body was not identified except by a card in his pocket inscribed with the name J. Chapman and indicating that he had been a patient of Dr. A. J. Shores. Dr. Shores stated that he had treated and had known that name who said he lived in East Los Angeles. No friend or relative, however, came forward to claim the body, and as it was already beginning to decompose, it was hurried off to the potter's field. A bottle of whiskey found with the body, and other evidences led to the conclusion that the man died of alcoholism. A cut near the left eye and blood on his hand at first suggested the theory of foul play, but Dr. Campbell made an examination that satisfied him that such was not the case.

**RIVERSIDE COUNTY.**  
Much Rejoicing Over the Issuance of Bonds.

RIVERSIDE, June 7.—(Special Correspondence.) There was almost as much rejoicing yesterday evening in Riverside over the success of the proposition to issue bonds for street improvements and electric lighting as there was in the Catalina express, when the election making Riverside a new county with Riverside as the county seat was announced to have carried. The Populist who "voted against the bonds from principle," was nowhere to be found. There was only about a dozen of him in the whole city, and he could not stand the fufaws he knew were in store for him.

C. W. Jones of Riverside, secretary of the Y.M.C.A. here, is to take part in the opening of the new quarters of the Y.M.C.A. at Santa Ana next Sunday. Mrs. R. H. Howard and daughter arrived in Riverside from Brooklyn, N. Y., on Monday.

Howard preceded them four years and purchased a piece of land near the arroyo, southeast of town. His addition, and he has since improved it and made a beautiful home, and now Mrs. Howard and daughter come to enjoy it with him. Mrs. Howard is a niece of Mrs. Dr. John Hall of this city.

In the election for issuing bonds for purchasing an electric lighting system on Wednesday, the Fourth was the beauty of the precinct as to the greatest percentage of votes for the bonds, while the following day the Fifth carried off the banner for the largest percentage for the street-improvement bonds, and gave the largest vote for bonds. The Sixth came next in the largest number of votes both days.

The Riverside wheelmen have very reluctantly given up the idea of getting their new park ready for opening by July 4. It will not be ready before August 1, but when it does open there will be some first-class sport. A programme is already under consideration.

Paul Dubois' statue of Joan of Arc, in Paris, is said to be of such rare beauty that "the first sight of it almost takes one's breath away." Joan is in armor and bears the sword of St. Catherine de Fierbois. She is represented as slender but wiry, with a rather common face, which is redeemed by the rapid expression, and the "atmosphere" is that of one in command of invincible beauty and supernatural agencies.

Sappho is said by the Greek writers to have been a blonde.

## THE HIGH SCHOOL HOLDS COM-

**Trial of Mrs. Barnes for Attempted  
Murder—Native Sons Elect Of-  
ficers—Subscriptions for  
the Fourth of July.**

**SAN BERNARDINO, July 7.**—(Special Correspondence.) The commencement exercises of the High School of the Arts and Crafts were held in the opera-house last evening and long before the doors were opened a struggling throng of people had begun to gather. A crowd the house to the doors, stood in front, waiting for the signal. It came, and the ends poured into the building, filling it to the roof. The boys and girls turned away, unable to gain even standing-room. The stage was very prettily draped with lace curtains and the classic flowers. The class motto, in large Greek letters, hung over their heads, "Ergo Alia theia." For the truth, the exercises were a brilliant one. From 8 o'clock the first number of the orchestra, "Berlin in Smiles and Tears," was given. It was a very good one. Then R. B. Taylor. Another overture, from "Paul Jones" and the first speaker was announced, Frank C. Poy, and his subject was "The Future of the Arts and Crafts."

Although rather a weighty subject for a schoolboy, even one about to burst the shell and enter upon the active duties of manhood, the speaker by his remarks showed that he had made a careful and intelligent study of the question, and he delivered the matter prepared in an straightforward manner.

After a beautiful song, "The Next," by Miss Leela Davies, the next affair, "Legendary Landmarks of San Bernardino," a prose poem in beautiful imagery and vivid word-painting, was read by Miss Frances Eddy, closing with a well-wooded eulogy on Uncle George Lord, now closed.

"The Influence of Virgil on Literature," by Miss Ruby Olive Lewis, came next, and for deep thought and excellent delivery this essay was the gem of the evening; the earnestness and self-possession of the speaker, her distinct articulation and perfect inflection holding the closest attention of the audience.

Misses Cole and Palmer gave a four-

hand selection on the piano that was admirable in musical taste and execution. An oration by Roscoe Goodcell on "Electricity," was delivered in a strong, sonorous voice and positive manner that carried conviction to the minds of his hearers. He closed by stating the commercial advantage of electricity in the domestic circle, where and electric dummy could walk the floor at eight with the baby.

A selection was well sung to Misses Ball, Morgan, Roberts and Shou after which Miss Frances Waters gave a practical essay on "The Girl of Today who is a practical girl, and demands and receives remuneration for her work, and how proud she is when the money in her pocket is of her own earning. The

"The Insurrection of Labor" by Fr. Shoup closed the exercises of the scholars. It commenced with the first labor strike of Wat Tyler, in the days of King Richard of England, and came down to the present day, giving, as the principal cause of strikes, the immigration from Europe.

Capital and labor should go hand in hand, but the gates of Castle Garden let in labor, while there is no corresponding in of capital, hence the over-production of laborers and the consequent strikes.

The diplomas were awarded by G. J. Stephenson, president of the Board of Education. The exercises will close with a public concert by the children at the I. M. Witten.

**BARNES TRIAL.**

The trial of Mrs. Barnes for attempted murder of her husband by poison, in company with her paramour, Tom Salt, commenced today. Her counsel first attempted to have the case thrown out for lack of evidence, but were overruled. The first witness called, which was her husband,

band. He refused to testify, and only the threats of imprisonment for contempt brought him to terms and he is again compelled to narrate the scenes as they passed in his house, of which he was co-tenant, but, having forgiven her for the sake of the children, he would not throw over them the veil of silence, and the court is inexorable and he must testify all again. The great water suit was postponed.

**SAN BERNARDINO BREVITIES.**  
Miss Fannie Travell and Charles Paine were married at the residence of the bride, on Pennsylvania avenue, Highland, yesterday. A number of friends from Los Angeles, Riverside and San Bernardino were present to witness the ceremony.

Arrowhead Parlor No. 110, Native Sons of the Golden West, elected officers Wednesday night for the ensuing year with the following result: Past president, D. Foy; president, William E. K. O'Brien; first vice-president, M. L. Aldridge; sec-

### STOLEN BICYCLES.

#### EDGAR MAGEE MAKES A FULL CONFESSION.

Officer Reynolds and W. G. Obenauer Do a Good Day's Work—One Stolen Wheel Recovered, Another Located.

Edgar Magee, the young man arrested Thursday on the charge of having stolen a bicycle from the Pavilion bicycle agency on April 24, made a full confession of the theft yesterday and gave information that led to the recovery of the wheel.

Magee rented the bicycle on the day named for an hour. Manager Obenauer took a good mental description of him, and when he failed to return with the wheel at the expiration of two hours he proceeded to look him up. He had given the name of Rollins and said that his residence was the Alta House. Inquiry there showed that no such lodger had been in the house.

From that day till this week Obenauer never got track of Rollins or Magee. On getting Magee's confession, Obenauer and Police Officer Reynolds mounted their bicycles and went to Downey, where they found the stolen wheel in Sanford's possession, and all the circumstances as related by Magee. Sanford is an innocent party in the matter. He bought the bicycle in good faith, Magee having represented that he was going East and was obliged to sell at a sacrifice.

Officer Reynolds and Obenauer then scoured the whole country between the city and Long Beach for other stolen wheels. They think they have located the Fowler stolen away from the Bradbury Block a few days ago, at Long Beach. It was about 3 o'clock when they left Los Angeles, and they returned before midnight, having in that time ridden sixty-eight miles and done a good day's work besides. They think an accomplice of Magee stole the Fowler wheel, but he denies that he had any accomplice.

Magee will probably be arraigned for grand larceny today.

**FOR A NAME.**  
We offer a cash prize of \$20 to the person suggesting the most appropriate name for the absolutely pure distilled water manufactured by us for drinking and medicinal purposes. All communications must be sent in before June 10. The Ice and Cold Storage Company of Los Angeles, Seventh street and Santa Fe track.

**GRAND CANON OF THE COLORADO.**  
An excursion to the Grand Canyon, under the personal direction and in charge of Miss Kelso, will leave Los Angeles at 5 p.m., Monday, June 10. Particulars at Santa Fe office, No. 123 North Spring street.

**A CHEAP FAMILY STILL.**  
For distilling drinking-water. Get circular. F. E. Browne, No. 214 South Spring st.

MRS. C. DOSCH has been in active millinery business so long, it is necessary for a change and rest. Therefore she offers her entire stock, consisting of the best styles, less than cost. Wish to close by July 4. Pattern hats, Leghorns, all going cheap. Parties wishing to buy a business, better investigate. No. 313 South Spring.
